Frisco PD Response to Allegations

FRISCO, TX –On Thursday, May 1, 2014, the Frisco Police Department was made aware of an allegation that a Frisco Police Officer, Scott Greer, was possibly involved in an inappropriate relationship with a victim whom he came to know while working in the Criminal Investigations Division. Upon learning of the allegations, Officer Greer was immediately placed on Administrative Leave pending the outcome of an internal investigation. On Monday, May 5, 2014, Officer Greer resigned from his position at the Frisco Police Department. Although Greer resigned, the Frisco Police Department is committed to completing a full investigation into the allegations, and a case review and audit of all cases worked by Greer while he was assigned to the Criminal Investigation Division was conducted. Additionally, we have been working with both the Collin and Denton county District Attorney's offices to ensure the best outcome for all cases worked by former Officer Greer, and at this time there are no pending criminal charges stemming from his actions.

"We take any allegation of misconduct seriously and when those allegations are found to be true, we move swiftly to address them as we did in this instance. While Greer's conduct was clearly unacceptable and contrary to the organizational values of the Frisco Police Department, we will not let *his* actions overshadow the great service our sworn and civilian staff provide on a daily basis, or the solid reputation and support our organization has with the community. We will continue to work with the Collin and Denton County District Attorney's Offices on this matter and ensure every effort is made to fully support all cases submitted to them for prosecution." Chief John Bruce
